No exhibitor or superintendent shall try to influence the judge, or in any way hinder the progress of judging. Any discourtesies to the superintendents, judges, or fair officials by the exhibitor, parent, or other person shall be reported to the Fair Executive Committee, whereupon the committee may withhold from such exhibitor any premiums or awards due him or her. Violators of this rule will be barred from one or more future Larimer County Fairs.

5. Release of Exhibits – No exhibit shall be released until 7:00 a.m. Wednesday, August 11, except livestock as listed in the schedule. All

exhibits in the 4-H Building must be picked up between 7:00 a.m. and 10:00 a.m., Wednesday, August 11. Open Class exhibits in the South Exhibition Hall must be picked up between 5:00 p.m. and 7:00 p.m., Wednesday, August 11. **The Fair Management will not be responsible for exhibits left after 7:00 p.m., August 11.** Removal of any exhibit before the designated time will cause the forfeiture of award money. Early removal requires a written approval from the affected Department Head Superintendent or Department Extension contact person.

6. Exhibiting at Other Livestock Shows - Exhibitors who are entered in other livestock shows who wish to remove their animals early must provide a copy of their entry form to the Department Head Superintendent prior to check-in time. Animals must be checked in at the Larimer County Fair at the designated time before being taken to the other show. Animals must also be returned to the Fairgrounds immediately following the end of the approved show unless the check out time for that species at the Larimer County Fair has passed. Violation of this rule and these policies shall cause the Exhibitor to forfeit prize money and he or she may be barred from one or more future Larimer County Fairs. Failure to exhibit at the other approved show will be treated as a violation of this policy.

7. Protest and Appeals— A "protest" may be used by 4-H and open class exhibitors to review rules, policies and judging procedures. All exhibitor protests shall be considered by the Division or Department Superintendent or the entity responsible for the activity (for example the Livestock Sale Committee), as appropriate. Exhibitor protests must be in writing, on a Protest Form obtained from The Ranch office, located in the temporary offices in the trailers, and accompanied by a fee of \$50 in cash or certified check. The protest shall plainly state the cause of the protest and shall be delivered to The Ranch Office not later than 8 (eight) hours after occurrence of the alleged incident. Judging will not be interrupted by a protest. In the event the exhibitor is not satisfied by the protest resolution, the exhibitor may appeal the protest resolution to the Fair Board Executive Committee. The appeal must be in writing, on an Appeal Form obtained from The Ranch Office, and accompanied by a fee of \$100 in cash or certified check. The appeal shall plainly state the matter being appealed and shall be delivered to The Ranch Office not later than 8 (eight) hours after the protest resolution was announced. The decision of the Fair Board Executive Committee is final. Compliance with this protest and appeal process is mandatory prior to seeking review in any other forum. The fee(s) imposed above shall be refunded if the matter is resolved in favor of the person bringing the protest or appeal. The forms and policy further explain the protest and appeals procedure.

8. Rule Violation—The Executive Committee of the Fair Board and Rodeo has the final and absolute opportunity to determine if any person has violated any rules and regulations and to settle and determine all matters, questions or differences arising out of, connected with, or incident to a violation of the rules and regulations. An exhibitor who violates any rule or regulation may be subject to forfeiture of all privileges, awards, and premiums and to such other penalty as agreed to by the Executive Committee.

9. Thank you note for Awards - All special awards and trophies are provided by sponsors. These people need to receive a thank you note from the winners in order keep their sponsorship for future years. Names and addresses of award sponsor(s) are located on the bottom of the award or in an envelope received when premium money is received.

4-H Livestock Division Rules

1. The Larimer County Fair and 4-H Program adheres to the International Association of Fairs and Expositions (IAFE) National Code of Show Ring Ethics. Each livestock exhibitor is required to sign a form indicating they have read the code and will abide by the guidelines.

IAFE Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to all exhibitors who compete at the Larimer County Fair. All leaders working with 4-H exhibitors are under an affirmative responsibility to do more than

avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Exhibitors who violate the code of ethics will forfeit premiums and awards and shall be prohibited from future exhibition in accordance with the rules adopted by the Larimer County Fair Board. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

a. All exhibitors must present, upon request of Fair and Livestock Show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

b. 4-H exhibitors are expected to care for and groom their animals while at the Fair.

c. Animals shall be presented to the Fair where they will enter the food chain free of violative drug residues. The act of entering an animal in the County Fair is the giving of consent by the 4-H exhibitor for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

d. At any time after an animal arrives at the Fair, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

e. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hooves or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

f. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

g. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show

officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

h. No 4-H exhibitor shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action. The application of this code of ethics provides for absolute responsibility for an animal's condition by the 4-H exhibitor whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

i. The act of entering an animal is the giving of consent by the 4-H exhibitor to have disciplinary action taken by the Fair Board without recourse against the Fair Board. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the Fair Board may be published with the name of the violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

j. The act of entering an animal in the Larimer County Fair is the giving of verification by the 4-H exhibitor that he or she has read the Code of Show Ring Ethics and understands the consequences of and penalties provided for actions by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

2. Inhumane Treatment of Animals - Abuse of animal(s) in any form will not be allowed. No electric prods or muzzles will be allowed to be used on any animal at any time. Any violation of this rule and any other activity deemed inhumane by Fair Management will result in immediate disqualification with no recourse.

3. Ethical Treatment of Animals – Tubing, pumping or injecting of any unauthorized substance or water into an animal will not be tolerated. Any violation of this rule and any other activity deemed unethical by Fair Management will result in immediate disqualification with no recourse.

4. USDA Wholesome Meat Act and Quality Assurance Program – The Larimer County Fair endorses and supports the USDA Wholesome Meat Act and insists exhibitors be in compliance with all Quality Assurance Programs. Exhibitors of all meat animals (beef, sheep, swine, goats, catch-it program animals, poultry and rabbits) must certify their compliance with manufacturer's pre-market withdrawal periods specified for any and all medications, drugs, medicated feeds, pesticides, or feed additives administered. The use of any non-approved chemical or improper use of approved chemicals is strictly prohibited. Members must submit the Certification Statement of Disclosure (purple form) at check in. Failure to produce this document will make the member ineligible to show at the Larimer County Fair and participate in the Junior Livestock Sale.

The Larimer County Fair management reserves the right to screen or test any market animal for drug residues or illegal drugs of any nature and take any action deemed appropriate if testing results show any positive residues above naturally occurring levels or positive results for illegal drug usage.

5. COOL – The USDA mandated Country of Origin Labeling (COOL) on September 30, 2008. Therefore, all cuts of beef, pork, lamb, goat and chicken must have documentation as to the origin of the animals to be marketed in the U.S and international meat industry. Therefore, every 4-H youth showing market animals (beef, sheep, swine, goat, poultry and rabbit) must complete the “Country of Origin Label Declaration” form. 4-H youth can use one form for all species. The form documents the seller’s basic contact information (in this case, the 4-H youth), the animal ID (tag #) for each individual animal in the transaction, and validation of what country(s) the animals were **BORN** and **RAISED** in. It also requires a youth and parent signature. According to USDA, this document must be kept on file for one year (in this case, by the Sale Committee). This form must be turned in at time of check in/weigh in.

6. BSE – Bovine Spongiform Encephalopathy (BSE), commonly known as mad-Cow Disease, is a fatal, neuro-degenerative disease in cattle. Due to the FDA’s food safety requirements, ruminant animals presented for slaughter must have been handled in accordance with the Food and Drug Administration’s ban of feeding identified mammalian derived protein materials to ruminant animals (21 CFR Part 589). The BSE form, required by packers, is validating that you, as a livestock producer, have fed your animal in accordance with this government regulation. This form must be turned in at the time of check in/weigh in.

7. Ownership – All animals must be owned by the exhibitor on or before May 31, 2010, except market beef which must be owned by February 25; market lambs and market goats which must be owned by April 29 and market swine by May 10 (excluding Lease-A-Dairy and Catch-It-Program animals). All registered breeding animals which are shown in the 4-H Division must be registered in the Junior exhibitor's name. Upon request, the exhibitor must show certificate verifying said animals or animals are duly registered in his or her name with the breed association in question. The rules of the breed association shall determine the ownership of the animal. Animals may be registered in the name of one or more junior exhibitors but cannot be jointly owned with an adult. If jointly owned, only one owner may exhibit the animal in this Fair. In cases where registration papers are in transit, all prize money, trophies, or special awards won by the animal in question shall be withheld until the owner can furnish satisfactory proof that said registration papers are in due process of being recorded and mailed. Grade or non-registered animals must be accompanied by a bill of sale, affidavit or other written proof of ownership satisfactory to the superintendent. Proof of ownership must be presented upon request to the superintendent in each department by the exhibitors before stalling their livestock. Failure to present proof to superintendents upon request may be grounds to cancel an entry. The act of entering an animal in the County Fair is the giving of consent by the 4-H exhibitor for show management to obtain retinal images on any animal, at any time, and for any reason during Fair and Fair management may take any action deemed appropriate based on results of the retinal images.

8. Showing – All livestock must be on grounds and entered at the time designated to be eligible to show. All livestock 4-H members **are required to present to the Superintendents of each species their up-to-date record book** at the time their project is entered. Books are available by going to the following website: larimer.org/ext and clicking on the 4-H youth button, then the e-record button. If records are not up-to-date, the project will not be allowed to be shown at the 2010 Fair.

a. **Livestock Must Be Shown by the 4-H Exhibitor Personally;** however, Superintendents may allow another Larimer County 4-H exhibitor to substitute in showing in case of timing conflict in two

different departments, in case of illness of exhibitor, or other emergency or situation.

b. An exhibitor may show only two exhibits per class in the breeding departments.

c. Each animal shown in a group class must be shown by a different exhibitor.

d. The Superintendent and/or Judge in each department reserves the right to group the classes for the sake of competition.

e. All 4-H livestock exhibitors will be assigned an exhibitor's number which will be worn by the exhibitor while showing.

f. A substitution may be made for an animal entered on the Fair Entry Blank where the entered animal is sick or dies as long as the substitution fits the division and class as pre-entered and meets ownership requirements. **Exception–No substitutions allowed in any Market classes.** A veterinarian certificate must accompany the request. Substitutions must have approval of Head Superintendent of the department.

g. No parents or leaders are allowed in the show ring unless they are ring stewards selected by the coordinating Superintendent.

9. Care, Fitting & Grooming of Livestock – Junior Livestock must be cared for by the Junior Exhibitors entered in the show. Junior Exhibitors may receive assistance, providing they are in attendance and participating at all times when assistance is given. Should multiple exhibit and/or multiple specie conflicts occur, prohibiting the Junior Exhibitor from being present for a period of time, it is the responsibility of the Junior Exhibitor to notify the 4-H Extension Agent or the Superintendent of the conflict, prior to the occurrence.

Exhibitor Statement: “The 4-H Agent and Superintendents ask for your cooperation in minimizing the use of adult assistance in preparing animals for show at the fair. We understand the younger exhibitors will probably need some assistance. Helping an exhibitor in such a way that he/she is learning the techniques of properly preparing an exhibit is an important part of the total project experience. When an adult lends this assistance to the process, then it becomes a contest among adults, and we have lost the teaching and learning aspect of junior exhibits. Since this is a Junior Show, the goal of the 4-H Agent and Superintendents is to direct the Fair in such a way that it is a positive learning experience for our young exhibitors.” Larimer County requires that only 4-H members enrolled in the Larimer County 4-H program can help each other. In addition, 4-H leaders and immediate family, including parents, step-parents, brothers, sisters (or half-brothers or half-sisters) and grandparents, may assist. Anyone who is the legal guardian of the 4-H member may assist youth with fitting, caring for, and/or handling junior livestock that is deemed necessary by the 4-H Agent and Superintendent. The 4-H Agent and Superintendent have the responsibility to determine that said help and/or assistance is educational/demonstrational and youth is present if and when the adult is assisting with the livestock exhibit. The 4-H Agent and Superintendent have the right to disqualify a Junior Exhibitor for infraction and abuse of this rule. Any exception/modification to this rule must be approved by the Superintendent and 4-H Extension Agent ahead of time.

10. Premises Identification (ID) – All Market Beef, Sheep, Swine, Goat, Rabbit and Poultry youth are required to have a valid Premises ID prior to the Fair Entry date, in order to show at Fair. This does NOT apply to breeding animals. Market Rabbits and Poultry refer to

all meat pens/exhibits. There is a place on this year's Fair 4-H Entry Form to record your Premises ID number.

Premises ID is one component of the National Animal Identification System (NAIS). For NAIS's purposes, a premises is defined as a location or site where livestock and poultry are born, handled, housed, managed, marketed, processed, or exhibited. Premises ID is critical to rapid detection and evaluation of the scope of animal disease outbreaks and in improving emergency response efficiency. A Premises ID is not the same as a Scrapie ID (there is no ear tag associated with Premises ID). A Premises ID is always seven digits made up of both numbers and letters. If your 4-H project animal is housed/boarded somewhere other than your property, the Premises ID would need to be obtained from/through the landowner where your animals are housed. It is simple and free to obtain a Premises ID. You can register online at www.coanimalid.org or call 1-877-842-0102.

11. Carcass Contests (Market Beef, Market Lamb, Market Swine and Market Goat) – A carcass contest will be held for Market Beef, Swine, Sheep and Goats, providing there is access to packing plants willing to allow carcass data to be collected or ability to ultrasound live livestock.

Plans are to collect actual carcass data on Market Beef, and use ultrasound on Market Lamb, Swine and Goats, but are subject to availability and change.

All Market Lambs, Swine and Goats, regardless of nomination for the Jr. Livestock Sale, are eligible to compete in the carcass contest.

Carcass contest entry for these three species is included on the Livestock Fair Entry Form. If a Market Lamb, Swine, or Goat exhibitor wishes to compete in the carcass contest, the exhibitor must be entered by July 19. Exhibitors may choose to enter up to three (3) animals per specie, but must specify tag # on entry form.

Only those Market Beef that qualify to sell in the Jr. Livestock Sale will be eligible to compete in the carcass contest, since plans are to collect actual carcass data. If an exhibitor's Market Beef animal qualifies for the Jr. Livestock Sale and he/she wishes to compete in the carcass contest, the exhibitor must be entered in this contest by Wednesday, August 11 at 10 a.m. in the Livestock Office.

By entering the carcass contest, exhibitors are obligated to make their animal available for carcass data collection or ultrasound (during the check-in/weigh-in time for the respective specie).

This is an optional contest, which will cost \$6/animal to enter (in addition to traditional fair entry fees) and must be paid at time of carcass contest entry.

12. Unsportsmanlike Conduct – When a 4-H exhibitor is guilty of unsportsmanlike conduct and/or inhumane/unethical treatment of an animal, the Larimer County Fair Executive Committee can suspend the privilege of the exhibitor to participate in future Larimer County Fairs for such a period as judged appropriate by the Fair Executive Committee.

13. Champion and Reserve Champion Selection – The first place animal of each class will compete for breed/market division champion. Second place animals are required to be brought into the arena. After the Breed/Market Champion is selected, the second place animal in the class that furnished the Champion competes with the first place animals in the other classes for Reserve Champion.

14. Overall Grand and Reserve Grand Champion Market Beef, Chicken Pens, Ducks, Geese, Goat, Rabbit Pens, Sheep, Swine and Turkeys are required to sell in the Junior Livestock Sale provided all requirements for exhibits and exhibitors are met, including compliance with the Wholesome Meat Act and Quality Assurance Program. Animals eligible for Grand and Reserve Grand Champion Awards, which do not wish to sell in the Junior Livestock Sale, **must be scratched prior to the call of the Grand and**

Reserve Grand Champion class. The Superintendent of the Department must be informed of the decision prior to the fielding of the class so an announcement can be made to the judge, other superintendents, exhibitors, and spectators. Once the animal has entered the show ring, it will remain in competition for Grand and Reserve Grand Champion selection until all judging is complete and the Grand and Reserve Grand Champion has been selected by the Judge. No animal can be scratched after judging has started.

15. Bedding – All bedding must be furnished by Exhibitor, including Poultry and Rabbit Exhibitors. Straw and shavings will be available and sold on grounds. Turf materials must have wood chips underneath them. No sand can be used.

16. Equipment – All feed and feeding equipment must be furnished by the Exhibitors. Water hoses will not be furnished at the wash racks. Exhibitors are asked to bring their own hoses. Stalls and alleyways must be cleaned by 9 a.m. each morning. No generators allowed due to fire regulations. Exhibitors may have only one fan for the first two beef animals and one additional fan for three or more animals.

17. Animal Care – Exhibitors must feed, water and bed, and otherwise care for the entries during the Fair. Exhibitors are expected to help keep exhibit areas, grooming areas, and barn perimeters clean and attractive. All animals and other exhibits should be kept clean and in a presentable condition at all times. The Head Superintendent for each Livestock Department and the 4-H Livestock Extension Agent reserve the right to feed and water neglected animals. Any animal found in neglect of feed, water, and/or care will be dismissed from the grounds and the exhibitor will be scratched in all entered classes with all premiums and awards forfeited.

18. Manure Removal – A designated location will be provided for disposing of manure. Manure must be taken to this area via wheelbarrow or other conveyance. Piling of manure at ends of the barn or in immediate vicinity of building will be prohibited. Use dumpsters that are provided. All exhibitors must clean their stall(s) after exhibit is released. Pens must be left clean.

19. Control of Livestock – Any livestock deemed uncontrollable, as determined by the Superintendents in charge, will be excused from the show ring or the fairgrounds, depending upon the severity of the situation.

20. Tying of Livestock – All cattle (Beef and Dairy) must be tied with a neck rope in addition to the regular halter. Head Superintendent or their representative will determine if ties are proper. Bulls must be tied with a nose ring and handled with a lead ring when being shown.

21. Housing of Livestock – The Livestock Superintendents will make stall and pen assignments according to prior entries. 4-H clubs will be stalled together at the discretion of the Superintendent in charge. Any change of pen cards by an exhibitor is prohibited unless approved by the Head Superintendent of the department. Any pens not used for housing of livestock will be released to other exhibitors. There will be no tie outs except in the case of emergencies (upon approval of the Superintendent).

22. Veterinary Needs – The Larimer County Fair does not have a practicing veterinarian on the grounds. The exhibitor should contact their own veterinarian should the need arise. There will be a list of available veterinarians per species in the Livestock Office and with each species Head Superintendent. Any veterinary fees are the responsibility of the exhibitor. Important– The Superintendent in charge has the right to call for the services of a veterinarian in the treatment of a sick animal if the exhibitor is not available. **Note** – A

Superintendent or veterinarian must be in attendance when any drug or medication is administered to an animal(s) and a written report filed with the Fair Entry Office and placed in the official entry book.

23. Market Animals Going to State Fair may be released one hour after their show is completed. Release is made through the Head Superintendent of that department only. Exhibitor must present their State Fair Entry to the Head Superintendent and request permission to be released.

24. 4-H Members, Leaders and Parents are not to bring livestock scales to the Fairgrounds for the purpose of weighing market animals. A scale will be provided for that purpose. Failure to observe this rule will result in animals being disqualified from showing and selling in the Jr. Livestock Sale.

25. All 4-H Members may bring show equipment and feed to the barns at the designated times:

- Beef, Dairy & Swine – 12:00 noon – 6:00 p.m. Aug. 6
- Poultry – 4:00 p.m. – 8:00 p.m. (at check-in time) Aug. 6

27. Livestock Pavilions will close at 10:00 p.m. each night there are animals in the barns and will reopen at 6:00 a.m. each day.

County Fair Health Regulations

Health Inspection will be made

–Read Carefully–
