*** READ THIS AND SIGN ***

Please read and consider the performance schedule carefully. Being in the marching band is a commitment to everyone else that you will attend band camp and rehearsals consistently and that you will be present at every performance that is listed as "full band." We expect everyone to perform at football games, the Marching Band Showcase, and the CBA regional competition. We want this to be an organization in which you are proud to be a member. It is our intention to not march with any absences during performances. Standstill performances have more flexibility (except for bass drums). Every element of our planning for the upcoming season is based on the number of people who fill out this commitment form. Please realize your importance to the organization. Should an unavoidable conflict occur, please notify the director immediately: J.Steven.Moore@colostate.edu.

We fully support your decision to participate or not--there is no pressure either way--we just need to know! Since we do not estimate band members based on registration, simply dropping the class does not help us plan appropriately. You must inform the director if you change your mind. This approach assures you of the highest quality show planning and organization in the marching band. *Thanks for your understanding and cooperation!*
