This document is a listing of certified seed lots that are eligible for sale to the commercial industry. Be advised that the readings are an estimate only. Yield losses due to actual disease content may vary by variety and management practices. Please call the Colorado Potato Certification Service with any further questions.

\* = Bacterial ring rot was found on this farming operation during summer field inspections.

Seed certification is made by the Colorado Potato Certification Service of Colorado State University (the “PCS”) pursuant to Colorado law (CRS §35-27-101 *et seq.*, as amended). “Certification” of any seed by the PCS means only that:

- the seed potatoes were visually inspected while growing in the field; and
- random samples of seed potato lots were again visually inspected at a post harvest test plot in accordance with the Rules and Regulations for Certification of Seed Potatoes published by the PCS in cooperation with the Colorado Certified Potato Growers Association; and
- based on such inspections, the seed potato lots were found to be in compliance with the applicable standards set forth in the Rules and Regulations.

**Certification of any seed lot is not a guaranty or warranty that the certified seed lot is free from defects such as disease, rot, or other condition that may affect seed quality and ability to sprout and grow normally.**

**If seed is certified prior to post harvest testing, no inspection or testing has been performed that may identify latent disease or conditions not readily apparent in random visual inspection in the field.**

#### **NOTICE TO SELLERS AND BUYERS OF CERTIFIED SEED – DISCLAIMER OF WARRANTIES AND LIMITATION TO DAMAGES**

Colorado State University and Colorado Potato Certification Service are not sellers of certified seed and make no warranties, express or implied, of merchantability, fitness for a particular purpose or otherwise. In any event, liability for damages, regardless of the form of action, will not exceed the purchase price paid for seed lots by the Buyer. In no event will Colorado Potato Certification Service, Colorado State University, the Board of Governors, or their members, officers, employees or agents, be liable for any consequential damages.
