

City of Northglenn

On August 1st all water restrictions will be lifted except for the lawn-watering ban between 10 a.m. and 6 p.m. The City of Northglenn's water savings goal is still 10%. Details about the new restrictions are available on channel 8, on the City web page, www.northglenn.org, and on the water restriction information line at 303-450-8716. A brochure on lawn watering is in your utility bill and can help you reach the 10% water savings goal.
