

Agricultural Experiment Station
Colorado State University
Project Outline

- I. Project Number:
- II. Project Title:
- III. Objectives of Project:
- IV. Reasons for undertaking work:
 - A) Importance of the problem.
 - B) Expected use to which the results will be put.
- V. Previous work and present outlook: [Include bibliography]
- VI. Procedure:
- VII. Problem Duration:
- VIII. Estimated budgets: [**To be completed by Dean/Department Head**]
Describe how the college/department AES allocation will be used to support this project.
- IX. Personnel and Department(s) Involved:
List Leader(s) and Degree; Department; Capacity (Participant or Advisor)
List Other Personnel
- X. Cooperation extended other than that of Department(s) listed above:
List Agency(s) and Extent of Cooperation

XI. Required Signatures:

_____ Principal Investigator	_____ Date	_____ Principal Investigator	_____ Date
---------------------------------	---------------	---------------------------------	---------------

Recommended for Approval:

_____ Department Head	_____ Date	_____ Department Head	_____ Date
--------------------------	---------------	--------------------------	---------------

_____ Dean	_____ Date	_____ Dean	_____ Date
---------------	---------------	---------------	---------------

Approved:

_____ Director Agricultural Experiment Station Colorado State University	_____ Date
---	---------------
