

Student Practice Rooms

- There are 32 practice rooms in the UCA. This more than doubles the number available to students in the former Music Building
- There are no right angles in these rooms to create a higher acoustic quality
- Each room is outfitted with acoustic panels and full-length mirrors to create technologically advanced practice spaces for our talented students
- There also 4 specialized practice rooms for percussion and 2 for organ practice
- Square Footage: varies from room to room
