

TABLE OF CONTENTS

Researcher Listing	2
Regionalization Note	3
Physical Resources	5

Agronomic and Vegetable Crops

Management of Alfalfa Stem Nematode and Alfalfa Weevil with Furadan 4F	6
Management of High Plains Disease in Western Colorado Sweet Corn	8
Evaluation of Golden Harvest Corn Hybrids for Blunt Ear Syndrome	10
Evaluation of Two Corn Hybrids with Roundup-Ready® Resistance for Weed Control ..	13
Using Polyacrylamide for Soil Erosion Control and Yield Enhancement	16
Variety Performance Test of Malting Barley in Western Colorado 1998	22
Evaluation of Pumpkin Cultivars	24
Spring Wheat Planting Date Studies in Western Colorado	27
Evaluation of Advanced Russian Wheat Aphid Resistant Spring Barley Lines	30
Influence of Plastic Mulch and Trickle Irrigation on Yield and Brix Levels of Kabocha Squash	32

Fruit Crops

Apple Powdery Mildew Control, 1998 – Study 1	35
Apple Powdery Mildew Control, 1998 – Study 2	38
Two-step Blossom Thinning for Apples and Peaches	40
1990 Apple Cultivar-Rootstock Trial (NC-140)	44
1993 Cornell Geneva Rootstock Trial (NC-140)	46
1994 Apple Dwarf Rootstock Trial (NC-140)	48
Yellow Peach Tree Syndrome	50
Cytospora Canker Control Study	52
1994 Peach Rootstock Trial (NC-140)	53
1998 Sweet Cherry Rootstock Trial (NC-140)	55
Insect Monitoring	57
Area Wide-Suppression of Codling Moth Through the Release of <i>Mastrus ridibundus</i>	59
Evaluation of Mechanical Pheromone Evaporators	61
Control of Codling Moth – Rogers Mesa Research Center	63
Control of Codling Moth – Orchard Mesa Research Center – Study 1	64
Control of Codling Moth – Orchard Mesa Research Center – Study 2	66
Control of Woolly Apple Aphid– Rogers Mesa Research Center	68
Control of Rosy Apple Aphids	69
Control of White Apple Leafhopper	70
Control of European Red Mite	71
Control of European Earwig	72
Fall-Applied Glyphosate Timing Trial in Apples	73
1998 Publications	74
Acknowledgments	76
