Conservation Districts are a subdivision of the State of Colorado

The Mesa Conservation District was founded in 1961 and partners with USDA-NRCS on conservation programs like the Salinity Control Program.

To **RSVP** for dinner and for more information regarding Mesa Conservation District contact Joyce Foraker: 242-4511 x100 mesasoil@hotmail.com

FIELD VISIT: Wayne Guccini with Mesa Conservation District and **Denis Reich** of Colorado State University will guide you through the deficit irrigation plots at Talbott orchards.

This demonstration of alternative irrigation scheduling is part of an effort to reduce input costs, and improve fruit quality and yields among Mesa County peach growers.
