and TASTING*

Western Colorado Research Center – Rogers Mesa

September 10, 2010

12-2PM

SPACE IS LIMITED. PRE-REGISTRATION AND PRE-PAYMENT IS REQUIRED.

\$10 per person

Weather permitting the seminar will start with a tour of the research vineyard and variety trials.

Dr. Horst Caspari will present information on the grape variety evaluation that was established at Rogers Mesa in 2004. Dr. Caspari will also share some preliminary observations from a second variety trial established in 2008/09.

Dr. Steve Menke will lead a tasting and blending of wines made from grape varieties from the original variety trial.
